

REMARKS

The above preliminary amendment is made in order that prosecution will proceed more rapidly by the avoidance of a further restriction requirement. However, the apparatus claims are deleted without prejudice to applicant's rights to pursue such claims in a divisional application, based on the restriction requirement in the parent application, and also without prejudice to the presently claimed method invention of claims 1-6.

Respectfully submitted,

BROWDY AND NEIMARK, P.L.L.C.
Attorneys for Applicant(s)
